Dear Ms. Lawyer:

I am a first-year student at the University of Wisconsin Law School writing to express my interest in the 2027 Summer Legal Internship with the Health Equity Advocacy Center. I am particularly interested in health law and public interest advocacy. Given my passion for your organization's mission, I am eager to contribute my legal research and writing skills to your organization's efforts of advancing equitable access to healthcare.

My interest in health law advocacy stems from a deep commitment to addressing systemic barriers that prevent underserved communities from accessing quality care. I am particularly drawn to the intersection of law, policy, and public health, and I am motivated by the opportunity to use legal tools to promote health equity. Through my previous coursework and independent research as an undergraduate Public Health Policy major, I explored issues such as healthcare access disparities, administrative regulation, and the legal frameworks governing public health systems. I am enthusiastic about applying this knowledge in a practical setting with an organization dedicated to meaningful advocacy and reform.

During my undergraduate studies, I volunteered with a disability rights organization, where I supported initiatives aimed at expanding access to community-based resources and promoting policy changes affecting individuals with disabilities. I assisted with client intake, conducted basic legal and policy research, and participated in outreach efforts to raise awareness about disability rights. This experience enhanced my understanding of the challenges faced by vulnerable populations and strengthened my commitment to public interest work. It also underscored the importance of thoughtful, client-centered advocacy, which I continue to learn more about during my first semester of law school.

I am confident that my legal research and writing skills, commitment to advocacy, and prior experience will allow me to make a meaningful contribution to your team. I would welcome the opportunity to support the important work at Health Equity Advocacy Center. Thank you for your time and consideration, and I look forward to hearing from you.

Sincerely,

Jamie Jones
