

**GET ORGANIZED LONG-TERM
COURSE ENROLLMENT BEYOND 1L YEAR**

Beyond required courses, you have the options of which electives to take. There are many considerations that go into these decisions: which area of the law you hope to practice in or what subjects you are interested in learning more about. If you intend to or think you may end up practicing law out of the state of Wisconsin, there are a few considerations that should go into that.

Students are not able to take all subjects tested on the Bar Exam of the state in which they ultimately choice to practice. However, we encourage thoughtful course selection every time you need to enroll for classes that are electives.

There are 7 subjects that are tested extensively in 2 of the 3 tests on the Bar Exam

7 MBE subjects:

Civil Procedure		Criminal Law & Procedure		Evidence	
Contracts		Constitutional Law		Real Property	
Torts					

Essay test on the Bar Exam typically include these subjects (and more or less depending on the jurisdiction):

- **Family Law**
- **Secured Transaction**
- **Trust and Estates**
- **Business Associations (Bus Org. I)**
- **Taxation (Tax I)**
- **Conflict of Laws**
