LICENSE

Admitted to the Bar of Illinois, 2014; Admitted to practice law in Wisconsin, 2018

EXPERIENCE

Center for Patient Partnerships at UW-Madison, Madison, WI, *Clinical Instructor*, September 2018 - Present

- Supervise law students providing preventative legal services to clients as part of a Medical-Legal Partnership.
- Facilitate student discussions during weekly case rounds to help overcome challenges in case work.
- Supervise graduate students providing a wide range of health advocacy services to individual patients.
- Lead orientation each semester and teach seminars on topics including insurance appeals, public insurance, public disability, and advance directives.
- Specializes in representing patients through health insurance appeals.
- Assist teaching an undergraduate service learning class (LS 400) that focuses on health inequities.
- LIFT Wisconsin team member - recruit, coordinate, and train law student volunteers for the non-profit collaboration in efforts to remove civil legal barriers to economic prosperity for Dane County residents.
- Co-authored law review article "Lift as 'The Fourth Moment' in Wisconsin Clinical Legal Education for Social Justice."

Prairie State Legal Services, Inc., Wheaton & Joliet, IL, *Americorps /Staff Attorney*, November 2014 - August 2018

- Represented clients in circuit court and administrative hearings in the following practice areas: family law, housing, public benefits, and elder law.
- Specialized in order of protection cases involving domestic violence and issues with SNAP, TANF, Medicaid, and Social Security.
- Assisted in the recruitment and mentoring of summer law interns.
- Provided legal advice to clients on a range of civil issues, including but not limited to housing, consumer rights, and domestic relations through telephone counseling.
- Managed Prairie State's telephone counseling volunteers. Responsibilities include training, scheduling, and supervising volunteer casework.
- Ensured compliance of all volunteer work with Legal Services Corporation regulations.
- Member of Prairie State's Outreach Committee - dedicated to increasing awareness of and access to our services by in part, conducting informational sessions on a range of legal issues in the local communities.
- Completion of Americorps's *Resource Development: Fundraising & Grant Writing* course, developed by Education Northwest.
- Presented a CLE training to volunteers on the basics of consumer, guardianship, and housing law.

Volunteer Attorney, Chicago, IL & Madison, WI, August 2014 - present

- Partnered with Legal Action of Wisconsin to provide legal services in areas including expungement and driver's license reinstatement.
- Worked with organizations providing immigration services, such as World Relief Chicago and The Resurrection Project, to conduct legal screenings to determine if clients qualify for naturalization or deferred action through DACA.
- Providing guidance and explaining legal requirements to individuals who are often unfamiliar with immigration procedures.

SACHIN GUPTE

sachin.gupte@wisc.edu

Treatment and Research Advancements, National Association for Personality Disorder (TARA), New York, NY, *Research Associate*, April - September 2013

- Researched the consequences of Borderline Personality Disorder (BPD), including in the areas of co-morbidity, perception, and sexual identity for the teaching of a BPD psychoeducation class.
- Created surveys and conducted interviews to assess how health professionals are taught about BPD at the graduate level and offer suggestions so as to increase the use of evidenced-based-treatments.

Columbia University Medical Center (CUMC), New York, NY, *Neurological Intensive Care Unit, Ethics Observation*, August 2013

- Rounded with Director Stephan Mayer, MD and a multidisciplinary team consisting of physicians, residents, nurses, pharmacists, social workers, patient care services, and ethicists in order to gain a better understanding of communicating with patients and families in regards to prognosis, goals of care, quality of life, and utilization of resources.
- Learned about indications and risk/benefit analysis of invasive procedures in the context of a critical care setting.
- Attended hospital-wide ethics committee meetings and case reviews.
- Observed the resolving of ethical issues ranging from withdrawal of care to the determining of organ donation and transplant candidates.

Center for Ethical Solutions – Legal Trends in Bioethics, Lovettsville, VA, *Remote Research Intern*, October 2010 - February 2011 (Issue No. 4)

- Researched current cases, legislation and news in the field of bioethics for the online newsletter.
- Contributed articles summarizing complex issues in a manner understandable to the general public.

University of Pittsburgh Medical Center (UPMC), Pittsburgh, PA, *Legal Intern*, March - November 2010

- Created Assisted Reproduction Technology consent forms.
- Researched and wrote memos on novel legal issues such as wiretapping doctors and the ability to consent to sex.
- Reviewed surrogacy contracts to minimize the chance of exploitative relationships and provide a process to deal with unforeseen circumstances.
- Prepared an ADA compliance presentation outlining hospital obligations to head nurses.
- Participated in ethics committee meetings concerning assisted reproduction at a women's clinic.
- Helped organize a community outreach project promoting the use of advance directives.
- Witnessed Alternative Dispute Resolution negotiations.
